

CLAM SHELL VENTS

Product Features:

These super-strong 304 stainless steel clam shell vents are a great economical and attractive way for routing cables or wires through a hole or for covering through hull openings to shield them from water spray. The clam shell vents are available in seven popular sizes, in a variety of shapes and styles. They are offered in bulk or packaged on a retail-friendly hang card (order the part number with a -1 for retail packaging).
